7.04 ZONING DISTRICTS

A. DISTRICTS

For the purpose of promoting public health, safety, morals, general welfare and conservation of land for farm purposes, the Town of Mosel is hereby divided into the following districts:

- A-1-S Prime Agricultural District (Small-Scale)
- A-PR Prime Agricultural Parcel Remnants District

No building shall be erected or altered, nor shall any building or premises be used for any purpose other than that which is permitted in the zoning district in which the building or premises is located, except as specifically identified in Section 7.08 NONCONFORMING USES AND PROPERTY.

B. ZONING MAP

The boundaries of the zoning districts are hereby established as shown on a map entitled ZONING MAP, TOWN OF MOSEL, SHEBOYGAN COUNTY, WISCONSIN, which is dated July 19, 2016, together with any subsequent amendments and revisions. Said map accompanies and is a part of this ordinance. The official copy of the Zoning Map shall be adopted as part of the ordinance and shall be available to the public in the office of the Town Clerk/Treasurer. The Town Board shall update the Zoning Map as necessary to reflect any changes in zoning district boundaries. In the event uncertainties exist with respect to the intended boundaries of the zoning districts shown on the Zoning Map, the following rules shall apply:

- (1) Unless otherwise indicated, the district boundaries are corporate limits, U. S. public land survey lines, and, where the designation of a boundary line on the Zoning Map coincides with the location of a street, the centerline of said street.
- (2) Where the district boundary coincides with lot lines, the lot lines shall be construed to be the boundary of the district.
- (3) Where the district boundaries do not coincide with the location of street, corporate lines, U. S. public survey lines, or lot lines, or such lines extended, the district boundary lines may be identified by boundaries of natural vegetation, slope and other natural resource base features unless otherwise

noted on the Zoning Map, or shall be determined by the use of a scale on the Zoning Map.

C. FARMLAND PRESERVATION ZONING (FPZ)

Farmland Preservation Zoning in the Town of Mosel includes the A-1, A-1-S, and A-PR Districts.

(1) Purpose. The purposes of the FPZ are to preserve productive agricultural land for food and fiber production; preserve productive farms by preventing land use conflicts between incompatible uses and controlling public services; maintain a viable agricultural base to support agricultural processing and service industries; prevent conflicts between incompatible uses; reduce costs of providing services to scattered, nonfarm uses; pace and shape urban growth; implement the policies of the Sheboygan County Farmland Preservation Plan; and comply with the provisions of the Farmland Preservation Law to permit eligible landowners to receive tax credits under Ch. 91, Wis. Stats. To comply with the Farmland Preservation Law, only agricultural uses and uses consistent with agricultural use (either permitted or conditional uses) are allowed. All structures and improvements shall be consistent with agricultural use.

(2) Density. Residential density under the Town’s Farmland Preservation Zoning is 1 residence allowed for every 35 acres of contiguous A-1 land under common ownership. A landowner with 70 vacant, contiguous A-1 acres, for example, can manage the property in a variety of ways (see the “yield” table below), but there could not be more than two residences in any development scenario for the 70 acres. This is ensured by the proper use of the non-developable A-PR designation for property remnants.

To determine the allowable residential yield for a particular tract of A-1 land, start with the total A-1 acreage of the tract, divide by 35, round down to the nearest whole number, and subtract 1 for each existing residential footprint (a duplex/two-family counts as 1 footprint). Whenever a new residence and/or a land division is proposed, all or part of any remaining land shall be simultaneously rezoned to A-PR to prevent exceeding the density in the future. (The landowner also has the option of voluntarily making the A-PR larger than required, if desired, to lower the density.)

POTENTIAL RESIDENTIAL YIELD OF VARIOUS A-1 TRACTS			
SIZE / TYPE OF A-1 TRACT	EXAMPLE A	EXAMPLE B	EXAMPLE C
70 contiguous acres with an existing residence	No division = 1 residence	Divide into 15-acre A-1-S with existing residence, 35-acre A-1 and 20-acre A-PR = 1-2 residences	Divide into 35-acre A-1 with existing residence, and 35-acre A-1 = 1-2 residences
Vacant, contiguous 70 acres	No division = 0-1 residence	Divide into 35-acre A-1 , 5-acre A-1-S and 30-acre A-PR = 0-2 residences	Divide into two 10-acre A-1-S , and 50-acre A-PR = 0-2 residences
Vacant, contiguous 148 acres	No division = 0-1 residence	Divide into four 35-acre A-1 and 8-acre A-PR = 0-4 residences	Divide into two 10-acre A-1-S , 70-acre A-1 , and 58-acre A-PR = 0-4 residences

Note 1: The table does not show all possible options.

Note 2: Although one residence can be built on a vacant A-1-S lot, a lot can remain undeveloped. Nevertheless, once an A-1-S lot is created, one residence is subtracted from the yield calculation.

Note 3: The date a residence was built, as well as farm or non-farm status of a residence, is irrelevant to the calculation of yield.

(3) Reporting. By March 1st of each year, the Town shall report to DATCP and Sheboygan County the total acres rezoned out of the Town's Farmland Preservation Zoning during the preceding year and a map that clearly shows the location of those acres.

- (1) If the use of the property is non-conforming, only that portion of a structure, land or water in actual use may be so continued; structures may not be extended, enlarged, reconstructed, substituted, moved, or altered, or the use expanded, except when required to do so by law or order or so as to comply with the provisions of this ordinance.
- (2) If the use conforms to the provisions of this ordinance, but a structure is non-conforming, such structure may only be extended, enlarged, reconstructed, substituted, moved or altered so that the size or impact of the non-conformity is not increased or is reduced.

C. PRINCIPAL OR ACCESSORY USE

Antennas and towers may be considered either principal or accessory uses. A different existing use or an existing structure on the same lot shall not preclude the installation of an antenna or tower on such lot. For purposes of determining whether the installation of a tower or antenna complies with district development regulations, including but not limited to setback requirements, lot coverage requirements, and other such requirements, the dimensions of the entire lot shall control, even though the antennas or towers may be located on leased land within such lots. Towers that are constructed and antennas that are installed in accordance with the provisions of this section shall not be deemed to constitute the expansion of a nonconforming use or structure.

D. INVENTORY OF EXISTING SITES

Each applicant for an antenna and/or tower shall provide to the governing authority an inventory of its existing towers that are either within the jurisdiction of the governing authority, or within three miles of the border thereof, including specific information about the location, height, and design of each tower. The governing authority may share such information with other applicants applying for administrative approvals or conditional use permits under this section, or other organizations seeking to locate antennas within the jurisdiction of the governing authority, provided, however, that the governing authority is not by sharing such information in any way representing or warranting that such sites are available or suitable.

E. AESTHETICS AND LIGHTING

- (1) If a tower is not subject to FAA regulations, towers shall either have a galvanized steel finish, or be painted a neutral color so as to reduce visual obtrusiveness. If FAA regulations apply, FAA regulations shall be followed.
- (2) At a tower site, the design and construction of the buildings and related structures shall use materials, colors, textures, screening, and landscaping that will blend the tower facilities to the natural setting and pre-existing improvements.
- (3) If an antenna is installed on an alternative tower structure, the antenna and supporting electrical and mechanical equipment shall be of neutral colors that are identical to, or closely compatible with, the colors of the supporting structure so as to make the antenna and related equipment as visually unobtrusive as possible.
- (4) Towers shall not be lit artificially, unless required by the FAA or other applicable authority. If lighting is required, the governing authority may review the available lighting and alternatives, and shall approve the design that would cause the least disturbance to surrounding areas.
- (5) Communication towers and antennas shall not be used for displaying any advertising. If FCC rules require that the owner's name be shown on the tower or antenna, it shall be posted no more than six (6) feet above the ground on a placard no larger than one and one half (1 ½) square feet, or as required by the FCC.

F. FEDERAL AND STATE REQUIREMENTS

All communication towers must meet or exceed current standards and regulations of the FAA, the FCC, and any other agency of the federal or state government with the authority to regulate towers and antennas.

G. BUILDING CODES AND SAFETY STANDARDS

The owner of a tower shall ensure that it is built and maintained in compliance with the latest standards contained in applicable state and local building codes, and the applicable standards for towers that are published by the State of Wisconsin administrative agency with jurisdiction.

H. SETBACKS

All alternative tower structures, communication towers, and antennas shall be set back from all dwellings a minimum of one (1) foot for each foot of overall structure height including antennas. If an application for a conditional use permit is required, this one-to-one (1:1) setback requirement may be increased or decreased on a site-by-site basis by the applicable governing authority at its sole discretion; however, in no case shall the structures, towers, and antennas be closer than five hundred (500) feet from any residential parcel.

I. CONDITIONAL USE PERMITS

Refer to Section 7.01 B Antennas and Communication Towers.

J. REMOVAL OF ABANDONED TOWERS AND ANTENNAS

Any antenna or tower that is not operated for a continuous period of twelve (12) months shall be considered abandoned, and the owner of such antenna or tower shall remove same within ninety (90) days of receipt of notice from the governing authority notifying the owner of such abandonment. If such antenna or tower is not removed within said ninety (90) days, the governing authority may remove such antenna or tower at the expense of the tower or antenna owner, or at the expense of the property owner in the case where the owner of the tower or antenna is leasing the property upon which the tower or antenna is installed. If there are two (2) or more users of a single tower, then this provision shall not become effective until all users cease using the tower.

- (3) Off-street parking spaces open to the sky may be located in any yard, except that in Residential Districts no such parking spaces shall be located in a required front yard or a required side yard adjacent to a street. When parking is located in an interior side yard, a five (5) foot green strip of grass and landscaping shall be maintained contiguous to the abutting property.
- (4) Enclosed buildings and carports containing off-street parking shall be subject to the yard requirements applicable in the district in which located.

7.12 VARIANCES AND APPEALS

A. FORMATION AND MEMBERSHIP

A Board of Appeals is hereby established under authority of Chapters 60.74(7), 61.35, and 62.23, Wisconsin Statutes (2001-2002). The Board of Appeals shall consist of five (5) residents of the Town of Mosel, appointed by the Chair of the Town Board and subject to confirmation by the Town Board. No Town Board member may serve as a member of the Board of Appeals. Terms of service shall be three (3) years, except that of those first appointed, one (1) member shall serve for one (1) year, two (2) members shall serve for two (2) years, and two (2) members shall serve for three (3) years. The Town Board Chair shall designate one of the members as the Board of Appeals Chair. The Board of Appeals members shall select an acting Chair in the absence of the appointed Chair. B. ALTERNATE MEMBERS

The Town Chair may appoint, for staggered terms of three (3) years, two (2) alternate members of the Board of Appeals in addition to the five (5) members above provided. The alternates shall be residents of the Town of Mosel and shall not be members of the Town Board. Annually, the Town Chair shall designate one of the alternate members as 1st alternate and the other, as 2nd alternate. The 1st alternate shall act, with full power, only when a member of the Board of Appeals refuses to vote because of an actual or perceived conflict of interest or when a member is absent. The 2nd alternate shall act only when the 1st alternate refuses or is absent or when more than one member of the Board of Appeals refuses or is absent.

C. VACANCY

A vacancy shall be filled for the unexpired term of a member or alternate whose office becomes vacant. The Town Board shall submit a list of candidates to the Town Chair, who shall accept or reject the names submitted. If all names are rejected, the Town Board shall submit a new list.

D. RULES AND MEETING PROCEDURE

The Board of Appeals shall adopt rules in accordance with the provisions of this section of the ordinance. Meetings shall be held at the call of the Board of Appeals Chair and at such other times as the Board of Appeals may determine. The Chair or acting Chair may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The Board of Appeals shall take no action unless at least four (4) members are present.

E. MINUTES

The Board of Appeals shall keep minutes of its proceedings, showing the vote of each member upon each question or indicating a member that is absent or fails to vote. It shall keep records of its examinations and other official actions, all of which shall be immediately filed in the offices of the Board of Appeals and Town Clerk/Treasurer and shall be a public record. The minutes shall include the grounds of every determination by the Board of Appeals. In the case of a variance from the ordinance, the minutes shall affirmatively show that literal enforcement of the provisions of the ordinance will result in practical difficulty or unnecessary hardship, and that a variance will not be contrary to the public interest.

F. FILING NOTICE OF APPEAL

Appeals may be made by any aggrieved person or by any officer, department, or board of the Town affected by any decision of any administrative officer of the Town. The appeal form shall be available in the offices of the Board of Appeals and the Town Clerk/Treasurer; the filing fee shall be determined by the Town Board. Such appeal shall be made within sixty (60) days of the aggrieving action, or as otherwise provided by the rules of the Board of Appeals, by filing a notice of appeal with the administrative officer whose decision is being appealed, with the Board of Appeals, and with the Town Clerk/Treasurer. Such notice shall specify, at a minimum, the grounds for the appeal, the names and addresses of all parties involved, the date and nature of the aggrieving action, and the remedy sought. The administrative officer shall upon receipt of such notice transmit to the Board of Appeals the full record relative to the aggrieving action.

G. STAY OF PROCEEDINGS UPON FILING

An appeal shall stay all legal proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Appeals that, by reason of facts submitted with the certificate, a stay would cause imminent peril to life or property. In such case, proceedings shall not be stayed except through a restraining order which may be granted by the Board of Appeals or by a court of record on application, on notice to the officer from whom the appeal is taken, and on due cause shown.

H. HEARING OF THE APPEAL

The Board of Appeals shall schedule a hearing of the appeal or other matter referred to it within sixty (60) days of receiving a completed application; shall give public notice via Class 1 publication; shall notify neighboring property owners and the parties in interest according to the Wisconsin Statutes; and shall decide the same within a reasonable time. Any party may appear at the hearing in person or by agent or attorney.

I. POWERS

Except as specifically provided, no action of the Board of Appeals shall have the effect of permitting in any district uses prohibited in such district. The Board of Appeals shall have all powers pursuant to the Wisconsin Statutes and the Wisconsin Administrative Code, and the following powers:

- (1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by any administrative officer of the Town in the enforcement of the Town of Mosel Zoning Ordinance or of any ordinance adopted pursuant thereto.
- (2) To hear and decide special exceptions to the terms of the ordinance upon which the Board of Appeals is required to pass under this ordinance.
- (3) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in practical difficulty or unnecessary hardship, so that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done.
- (4) To permit in appropriate cases, and subject to appropriate conditions and safeguards in harmony with the general purpose and intent of the ordinance, a building or premises to be erected or used for such public utility purposes in any location which is reasonably necessary for public convenience and welfare.

J. ASSUMPTION OF POWERS

Insofar as the Board of Appeals acts in conformity with the provisions of this Ordinance, the Board of Appeals shall have all the powers of the officer from whom the appeal is taken, and may issue or direct the issue of a permit. In exercising its powers, the Board of Appeals may reverse or affirm, wholly or in part, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as it believes ought to be made.

K. SUPER-MAJORITY VOTE

The concurring vote of four (4) members of the Board of Appeals shall be necessary to reverse or modify any order, requirement, decision or determination of any administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance, or to effect any variation from the terms of the ordinance. The grounds of every such determination shall be stated in the minutes.

7.13 CHANGES AND AMENDMENTS

A. AUTHORITY

Whenever the public necessity, convenience, general welfare or good zoning practice require, the Town Board may by ordinance change the district boundaries or amend, change, or supplement the regulations established by this ordinance or amendments thereto. Such change or amendment shall be subject to the review and recommendation of the Planning and Zoning Commission.

B. INITIATION OF CHANGE OR AMENDMENT

A change or amendment may be initiated by the Town Board or by a petition filed by one or more of the owners of property within the area proposed to be changed.

C. FILING OF PETITION

Petitions for any change to the district boundaries or amendments to the regulations shall be filed with the Town Clerk/Treasurer. Said petition shall describe the premises to be rezoned or the regulations to be amended; list the reasons justifying the petition; specify the proposed use; and include the following:

- (1) Plat plan, drawn to scale, showing the area proposed to be rezoned, its location, its dimensions, the location and classification of adjacent zoning districts, and the location and existing use of all properties within four hundred (400) feet of the area proposed to be rezoned.
- (2) Owners' names and addresses of all properties within the area to be rezoned and within four hundred (400) feet of the area proposed to be rezoned.
- (3) Additional information as required by the Planning and Zoning Commission or Town Board.
- (4) Fee receipt. The filing fee for the petition shall be determined by the Town Board.

D. COMMISSION RECOMMENDATION AND TOWN BOARD ACTION

The Planning and Zoning Commission shall review all proposed zoning changes and amendments within the corporate limits and/or to the Zoning Ordinance. The Commission shall hold a public hearing upon each proposed change or amendment, giving at least ten (10) days prior notice by publication at least one (1) time during the preceding thirty (30) days. The notice shall include the hearing time and location and the change or amendment proposed. The Commission shall submit a written recommendation to the Town Board prior to the Town Board's public hearing.

The Town Board shall hold a public hearing after receiving said recommendation, giving at least ten (10) days prior notice by publication; said publication shall be by Class 2 notice and shall list the time, place and change or amendment proposed. The Town Board shall also give at least ten (10) days prior written notice to the Clerk of any municipality within one thousand (1000) feet of any land to be affected by the proposed change or amendment.

Following said hearing and after careful consideration of the Planning and Zoning Commission's recommendations, the Town Board shall vote to approve, modify or deny the passage of the proposed change or amendment.

E. PROTEST

A protest against a change or amendment must be duly signed and acknowledged by:

- (1) the owners of 20% or more of the area included in the proposed amendment; or
- (2) the owners of 20% or more of the area immediately adjacent to the subject area and extending one hundred (100) feet therefrom; or
- (3) the owners of 20% or more of the area directly opposite the subject area and extending one hundred (100) feet from the street frontage of such opposite land.

The amendment shall not become effective except by the favorable vote of two-thirds of the members of the Town Board voting on the proposed change.

F. FAILURE TO ACT

If an application for a proposed amendment is not acted upon finally by the Town Board within six (6) months of the date upon which the findings and recommendations of the Planning and Zoning Commission are filed with the Board, it shall be deemed to have been denied.

7.14 BONUS LOT PRESERVATION PLAN (BLPP)

A. PURPOSE AND INTENT

The purpose of the Bonus Lot Preservation Plan is to implement the farmland preservation objectives within the Town of Mosel Land Use Planning Program and/or an adopted Comprehensive Plan, as well as the objectives of the Sheboygan County Farmland Preservation Plan. This plan contains an overlay zone that allows the development of lands in specified districts at densities greater than otherwise allowed in order to generate funds from the sale of bonus lots to purchase development rights from willing landowners in the Priority Agricultural Preservation Zone, mapped and made a part of this section by reference, and to encourage a more economical use of land that is suited to residential development by permitting more intensive use of such lands without changing the overall rural character of the Town.

Preservation of Agricultural Lands: Lands eligible for preservation through the purchase of development rights must be within the Priority Agricultural Preservation Zone. The majority of lands in this zone have been determined by analysis to be actively farmed, mostly contiguous, consisting primarily of U.S.D.A. Class I and II soils for prime agricultural use, and not likely to undergo development in the near future.

Economical Use of Land: Higher densities on lands already desirable for development concentrate development in fewer areas of the Town than otherwise might occur. Density ratios are calculated to provide an incentive to developers to choose the overlay option; to generate sufficient funding to purchase development rights on approximately the same amount of land that is being developed; and to not exceed densities that would negatively impact the Town's rural character.

B. FINDINGS

- (1) Past Town of Mosel citizen input surveys and consensus mapping exercises conducted by Sheboygan County UW-Extension have shown the vast majority of residents want to preserve agricultural land and rural character within the Town.
- (2) The Land Evaluation and Site Assessment (LESA) model developed by the Sheboygan County Planning Department identified sizable tracts of prime farmland throughout the Town of Mosel. The 2002 land use survey by the Bay-Lake Regional Planning Commission showed 77% of the land within the Town was used for agriculture.
- (3) The Town has been a participant in the state Farmland Preservation Program since the early 1980s.
- (4) Proactive tools like the Bonus Lot Preservation Plan and Purchase of Development Rights have become increasingly important as development pressures increase due to the presence of Interstate 43 and local amenities such as Lake Michigan and Whistling Straits, as well as the increased availability of new on-site waste disposal systems made possible by COMM 83.
- (5) The permanent acquisition by the Town of voluntarily offered development rights, as provided in this Section, will permit these lands to remain in farmland and provide long-term protection for the public interests which are served by contiguous productive farmlands.

C. DEFINITIONS

For the purpose of this section, the following definitions shall be used.

(1) DENSITY

The number of acres of land per dwelling. This figure is used to calculate the maximum yield of dwellings for a particular property. For example, five-acre density would yield a maximum of eight dwellings on a 40-acre parcel. (Note: Density is not always necessarily equivalent to minimum lot size.)

(2) DEVELOPMENT RIGHTS

An interest in and the right to use and subdivide land for any and all residential, commercial and industrial purposes and activities not incident to agriculture and open space.

(3) LAND PROTECTION AGREEMENT

A voluntary agreement between a private landowner and a municipal agency or qualified not-for-profit corporation to restrict the development, management, or use of a particular property. That agency holds the interest and is empowered to enforce its restrictions against the current landowner and all subsequent owners of the land.

(4) LIKELY TO UNDERGO DEVELOPMENT

Land included in, adjacent to, or within one-half mile of a planned or existing sewer service area or incorporated municipality; land currently zoned for development; land identified in the Town of Mosel Comprehensive Plan as being suitable for future development; or land where an expectation of development has been reasonably established.

(5) LOCAL QUALIFIED LAND TRUST

A non-profit entity that has adopted the “Standards and Practices” of the Land Trust Alliance and has formally identified the Town of Mosel as being within its service area; in this case, Glacial Lakes Conservancy.

(6) OVERLAY ZONE

A zoning district imposed over existing zoning districts and containing provisions that are applicable in addition to those contained in the zoning law.

(7) PDR FUND

A separate account, segregated from the Town of Mosel general fund, containing funds used exclusively for costs directly associated with the scoring of program applications, the purchase of development rights, and the legal defense of land protection agreements within the Town.

(8) PRIORITY AGRICULTURAL PRESERVATION ZONE

A mapped area within the Town of Mosel identified for the preservation of farmland based on relevant factors such as soil types, land use, land values, agricultural contiguity, and limited existing development or development infrastructure.

(9) VALUE OF DEVELOPMENT RIGHTS

The difference between the fair market value of full ownership of the land (excluding the buildings thereon) and the fair market value of the agricultural rights retained by the owner.

D. APPLICATION PROCEDURES AND GENERAL REQUIREMENTS

- (1) Landowners interested in selling their development rights must submit an official Purchase of Development Rights Application, available from the Town Clerk/Treasurer. An application may be submitted at any time; after scoring, applications are ranked and considered for offers as sufficient funds become available.
 - (a) Potential sellers of residential development rights shall provide documentation at the time of submittal of their application indicating ownership of the subject property or the authority to make commitments on the sale of such rights, including a mortgage subordination agreement, if applicable.
 - (b) Incomplete applications, applications containing inaccurate information, or applications involving properties outside the Priority Agricultural Preservation Zone will not be scored. The Town of Mosel Plan Commission, or a local qualified land trust appointed by and acting on behalf of the Commission, shall score applications within 90 days of receipt. After an application is scored, the Plan Commission shall have up to sixty days to notify the applicant of the results.
 - (c) Application scoring criteria are described in the “Purchase of Development Rights Score Sheet”, made a part of this section by reference. Any changes to the criteria shall be implemented pursuant to the amendment procedures for the Town Zoning Ordinance specified in Section 7.13. A minimum score of 110 on the Score Sheet is required for funding consideration. The Plan Commission is responsible for scoring applications; however, the Commission may assign this task to the aforementioned land trust, and if such assignment is made the land trust shall be compensated from the PDR fund for its time and expertise; this compensation shall not exceed \$75 per application.
 - (d) The submission of an application does not bind the Town of Mosel to accept or purchase development rights, regardless of the applicant’s score. The decision whether or not to purchase development rights is solely up to the Town Board, whose decision may be appealed to the Board of Appeals pursuant to Section 7.12 of the Zoning Code.
 - (e) An application is considered a formal offer to sell development rights; however, a landowner may withdraw an offer at any time prior to acceptance of the offer by notifying the Town Clerk/Treasurer in writing.
- (2) Developers who choose to take advantage of the Bonus Lot Preservation Plan’s bonus densities must first submit a Bonus Lot Preservation Plan Agreement to the Town Clerk/Treasurer.
 - (a) Proceeds from the sale of bonus lots awarded in the overlay zone are split evenly between the developer and the local purchase of developments rights (PDR) fund. Once two-thirds of the lots or dwelling units within the development subject to said Plan Agreement have been sold, the developer shall, within 13 months of the closing of the lot or dwelling unit marking the two-thirds ratio, make a payment to the local PDR Fund equal to the mean sale price of the lots sold multiplied by one-half the number of

bonus lots created. If said payment is not made in a timely manner, the developer shall pay an additional \$5,000 to the PDR Fund for each month beyond the 13-month deadline that the payment remains outstanding.

- (b) Density ratios are listed in the tables in Section E and are based on the gross land area of a property. Smaller minimum lot sizes, created to make room for higher densities, are allowed as specified in the overlay zone.
- (3) As a condition of any development rights purchase, a land protection agreement (also known as a conservation easement) that restricts further non-agricultural development in perpetuity shall be placed on the subject property through negotiation between the landowner and a local qualified land trust. Said agreement shall be recorded with the Sheboygan County Register of Deeds prior to the payout of PDR funds.
- (4) An endowment fund fee for the legal defense of the land protection agreement, not to exceed two percent of the development rights payout, shall be transferred from the PDR fund to the land trust that is a party to the agreement.

E. DENSITY CALCULATIONS

- (1) Standard Densities and Minimum Lot Sizes: The standard densities and minimum lot sizes in the Town Zoning Ordinance remain unchanged. Developer utilization of the Bonus Lot Preservation Plan is voluntary. Developers who elect not to participate will remain subject to the lower density for which their land is zoned
- (2) Bonus Lot Preservation Plan Overlay Zone Densities and Minimum Lot Sizes:
 - (a) The overlay densities and lot sizes apply only in the Town's A-2, R-1, R-2, and R-3 districts, and then only when invoked by the developer. Density bonuses are awarded for the purpose of generating funds to preserve approximately the same amount of priority farmland in the Town as is being subdivided. To accomplish this objective, the bonus ratios listed in the tables in this section, which can be periodically amended to reflect significant changes in land and development rights values, are based on typical rural lot prices and development rights costs in the area.
 - (b) The Town Plan Commission shall calculate the number of bonus lots to be awarded based on the gross density of the property proposed to be developed. (Note: Overlay density calculations are always rounded up. For example, 1.3 = 2 lots.) To calculate the number of bonus lots for a 35-acre parcel in R-1 (sewered), first convert to square footage (35 acres multiplied by 43,560 square feet per acre equals 1,524,600). Then divide by the standard density (1,524,600 divided by 20,000 equals 76). Next, divide the total square footage by the overlay density (1,524,600 divided by 18,750 equals 81.31, rounded up to 82). Subtracting 76 from 82 results in 6 bonus lots.
 - (c) Developers always have the option to create fewer lots than the number they are entitled to create. For example, a developer of an 80-acre parcel in A-2 can choose to create a 20-lot subdivision rather than the 22-lot subdivision allowed under the overlay. Rather than the potential six (6) bonus lots, there would be four (4) bonus lots. Note: The number of lots allowed in all districts includes lots developed as non-residential uses.

- (d) Allowable Overlay Densities
- (i) A-2 General Agricultural District:
Standard density and minimum lot size: 5 acres;
Overlay density: 3.8 acres; minimum lot size: 3.0 acres
 - (ii) R-1 Single-Family Residential District (unsewered).
Standard density and minimum lot size: 60,000 sq. ft.
Overlay density: 54,500 sq. ft.; minimum lot size: 50,000 sq. ft.
 - (iii) R-1 Single-Family Residential District (sewered).
Standard density and minimum lot size: 20,000 sq. ft.
Overlay density: 18,750 sq. ft.; minimum lot size: 18,000 sq. ft.
 - (iv) R-2 Two-Family Residential District (unsewered)
Standard density and minimum lot size: 60,000 sq. ft.
Overlay density: 57,000 sq. ft.; minimum lot size: 52,000 sq. ft.
 - (v) R-2 Two-Family Residential District (sewered)
Standard density and minimum lot size: 20,000 sq. ft.
Overlay density: 19,100 sq. ft.; minimum lot size: 18,000 sq. ft.
 - (vi) R-3 Multi-Family Residential District (unsewered)
Standard density and minimum lot size: 65,000 sq. ft. for three-family,
70,000 for four-family
Overlay density: 62,250 sq. ft. for three-family; 67,250 for four-family
Overlay minimum lot size: 56,500 sq. ft. for three-family;
61,000 for four-family
 - (vii) R-3 Multi-Family Residential District (sewered)
Standard density and minimum lot size: 20,000 sq. ft.
Overlay density: 19,100 sq. ft.; minimum lot size: 18,000 sq. ft.

Although the use in the R-2 or R-3 district may consist entirely of one dwelling type, the standard zoning allows a combination of single-, two-, three- or four-family dwelling types depending on the district. Therefore to determine the number of total bonus lots, it may be necessary to perform separate calculations for each dwelling type proposed to be part of the development. For example, if an unsewered 80-acre parcel contains 40 acres of single-family and 40 acres of two-family, the number of bonus lots for each type would be calculated separately, then totaled.

F. APPRAISAL

The Town of Mosel does not require an appraisal under this program, since the Town has established a fee that it will pay for development rights as listed in Section 11.04 of the Mosel Municipal Code. An applicant interested in claiming a charitable deduction for the difference between the Town’s PDR payment and the appraised value of his or her full development rights should consult a tax advisor and a certified real estate appraiser.

G. PURCHASE OF DEVELOPMENT RIGHTS (PDR) FUND

- (1) The revenues from bonus lots shall be deposited in a PDR Fund to be hereafter created by the Treasurer of the Town of Mosel as a separate account, segregated from the Town’s general funds. Money in this PDR Fund may be temporarily deposited in such institutions or invested in such obligations as may be lawful for the investment of Town money.
- (2) The revenues from the bonus lots and any interest received from the deposit or investment of such revenues shall be applied and used solely for the purposes set forth in this Section.
- (3) In the event of the discontinuance of this Section, any funds remaining in the PDR Fund shall be donated to the local qualified land trust to be used for conservation projects on lands within the Town of Mosel; if said land trust no longer exists, the funds shall be deposited to the Town of Mosel general fund to be used as the Town deems appropriate.

H. DURATION OF ACQUIRED DEVELOPMENT RIGHTS

Development Rights acquired pursuant to this Section shall be mutually held by a local qualified land trust and the Town of Mosel for the benefit of its citizens in perpetuity, subject to the following: If the original or subsequent landowner finds that the property can no longer be appropriately used for agriculture, the landowner may petition the Town Plan Commission to repeal the land protection agreement. The landowner shall present evidence in support of his/her contention; such evidence shall be based on characteristics of the property or its surroundings and shall not be related to the landowner's individual circumstances. The Plan Commission may consult with an independent specialist to help it determine whether the property in question can no longer be used for agricultural use. An affirmative vote by no less than five members of the Plan Commission shall be required to forward a recommendation to repeal the agreement to the board of directors of the local qualified land trust for review. Following such recommendation, an affirmative vote of no less than a two-thirds majority of the board of directors of said land trust shall be required to forward a recommendation to repeal the agreement to the Mosel Town Board. The Town Board must then approve the recommendation to repeal the agreement by a majority vote.

Should the Town Board approve the repealing of the agreement, the repeal would be effective when the Town receives payment from the landowner for the buy-back of the development rights for the property in an amount equal to the original PDR payment plus interest calculated at six percent (6%) plus the Prime interest rate (as reported in the Wall Street Journal on the date petition for repeal is made) for each year since the original payment. For example, the original PDR payment was \$100,000 and the repeal is approved 30 years later. The prime interest rate is 5%. The amount to buyback the development rights would be $(\$100,000 + (\$100,000 \times 11\% \times 30 \text{ yrs}) = \$430,000)$. An additional penalty equal to 10 percent of the calculated buyback payment will be due if a landowner wishes to buy back development rights within 25 years of the original PDR payment. This payment shall be deposited in the PDR Fund; if said Fund no longer exists, the payment shall be made to the local qualified land trust to be used for conservation projects within the Town of Mosel; if said land trust no longer exists, the payment shall be made to the Town of Mosel to be used as the Town deems appropriate.

I. DISCONTINUANCE OF BONUS LOT PRESERVATION PLAN

Rescinding this Section requires a two-thirds vote of the Town of Mosel Board.
